3	Keep doing what your doing. Hoping to get to some of your training days this coming season you run during the week with our young ones. Casual Arena Hireage including free jump ring as a stallion owner we find it really hard to take the lads out to days for training with them, as Pony Clubs don't allow them to go there & its nice just to be able to give them a change of scenery to stop them being so bored or be able to hire your facilities for things like stallion photo shoots as everything we need is there & place is always in such fabulous condition so perfect for photo shoots. We got some absolutely fabulous shots of our stallion at our open day we ran.	5/19/2015 6:58 PM

7	Don't know if you do it, but would be great if you had a flat fee for taking on a horse for a year and compete, exposed to farmrides and beachrides so I could keep a young horse for my young daughter, as it will be professionally trained for a while. So the horse got some mileage.	5/16/2015 9:20 AM
8	Maybe green horse / nervous rider courses or courses for those getting back into riding after break or injury and then follow on courses. Courses are great as it allows riders to support one another as well.	5/15/2015 9:46 AM
9	Yes	5/15/2015 7:27 AM

12	Probably winter dressage training but understand the difficulties with light or the lack of it!! Are you putting in surfaced dressage arenas by the sounds? This will be good if the weather doesn't play ball rather than grass though it's nice in the summer to ride on grass sometimes!	5/13/2015 1:07 PM
13	More events or training over winter.	5/12/2015 10:35 PM

16	anything for green horses, the Wednesday nights are great but would be good to have some weekend stuff. I live nearly an hour away so sometimes getingt to Wednesday nights can be differcult. The Le Trec days were great, anything that can give a green horse a safe new experience.	5/12/2015 5:30 PM
17	I love your training days but find them very hard to get to during the week, with work commitments. If you were able to make some available during the weekend (I realise that it would probably conflict with a lot of other shows etc), that would be great.	5/12/2015 5:28 PM

22	not really	5/12/2015 3:02 PM
23	Swimming pool for horses. Long track for doing hill work so that those of us on a small block can do the long slow canters so necessary for getting horses fit for eventing. I am sure this would be very popular as would a swimming pool although I realise the capital expenditure might be high.	5/12/2015 2:51 PM
24	Uncover tacking up, lights in the arena	5/12/2015 2:05 PM
