Show Jumping Series Rules

- You nominate the height you want to count for series points
- The 1st round at your nominated height will be the round that counts for series points
- The 9 Height Divisions each night will be won by the horse & rider combination that finishes closest to an Optimum Time with least number of jump faults
- The Course Plans will show the Course Distance and Speeds that will be used to calculate the Optimum Time for each height. These Speeds will ramp up from 325 m/m (Level Zero Heights) to 400 m/m (Level Two Heights).
- The aim of the Optimum Time Classes is to encourage riders to approach and depart each jump strategically, to plan turns to create a seamless and efficient performance without rushing and scaring any horse, rider, family member or Spectator 😊

Prizes will be awarded to winners of each of the above Series as follows:

- Winner Rosette & Prize
- 2nd Placegetter Rosette & Prize
- 3rd Placegetter Rosette & Prize

Series Prize Giving: Wednesday 9th December

Important notes

- Entries open at <https://www.evoevents.co.nz/event/2135888657>
- Each Horse and Rider combination can only compete in one Series. Series points are accumulated from **one** nominated height in this Series at **two** shows of your choice. This height must be nominated before the combination's first round of competition at each show.
- If no nomination is made, the results from your first round will be counted.

- Please indicate your nominated height with the judges before your first round of the evening.
- In the event of there being a tie in the number of Series Points accrued by the end of the Series

The winners will be decided by adding up the least number of jump faults in the two nominated heights and then by the times that are closest to the Optimum Time
- Horses & Ponies will jump the same courses. There will be no combination fences
- You may enter the same height twice, however only your **first round** will count towards series points.
- NB - It may be possible to win a height on the day with your 2nd round of the Class but only your first round will count for Series Points

Frequently asked questions about accruing Series points

Q: If I nominate 70cm to accrue Level Zero Series Points can I jump in the height of Level One - 75cm

A: Yes. But you cannot jump in Level One - 80cm

Q: If in a subsequent show in the series I want to jump in Level One - 80cm can I still nominate 70cm as my nominated height to accrue Level Zero Series Points?

A: No. You cannot use Level Zero Height 70cm as your nominated Class if you jump in Level One – Height 80cm. By entering and jumping in Height 80cm you are considered to be competing in the Level One Series.

Q: If I do jump in Level One - Height 80cm, will the Level Zero Series Points I accrued previously by nominating Height 70cm (Level Zero) be counted in my Level One Series tally.

A: No.

Series Points Allocation

Points will be allocated for each class as follows:

(Eliminations, retirements or greater than 12 faults will not gain points regardless of class numbers.)

Points	Assuming 5 + Eligible Entries	If less than 5 Eligible Entries
1st	5	5
2nd	4	4
3rd	3	3
4th	2	2
5th	1	

Eligible Entries = 1st Rounds in at a height & Completed rounds with less than 12 faults

Abderry reserves the right to alter points allocation in unforeseen circumstances (such as an event called off half-way through) and to refuse entries where they are deemed inappropriate or unsafe. Judges' decisions are final.
